Radboud University & KU Leuven present:

**OPSFA SUMMER SCHOOL 2022**

Orthogonal Polynomials, Special Functions and their Applications

[https://www.ru.nl/radboudsummerschool/courses/2022/opsfa-summer-school/](https://www.ru.nl/radboudsummerschool/courses/2022/opsfa-summer-school/)

**With courses by:**

Daan Huybrechs
  Numerical analysis: quadratures and Krylov spaces

Pablo Román
  Matrix valued orthogonal polynomials

Margit Rösler
  Hypergeometric functions of several variables and harmonic analysis

Luc Vinet
  Orthogonal polynomials and quantum information/computing

Wadim Zudilin
  Number theory and special functions: modular functions

**8 - 12 August 2022, Nijmegen**

Scholarship application deadline: **1 May 2022**

Early bird deadline: **1 April 2022**

Application deadline: **1 July 2022**

Organised by Erik Koelink & Walter Van Assche
